Selectmen's Meeting

TREE WARDEN

Wesley Bowman, Mattapoisett Tree Warden, told Selectmen that outlying wooded areas have been badly damaged by the heavy wet snow of the early December storm. He said that branches are broken along Long Plain Road, Wolf Island Road and sections of North Street, and residents in those areas have been requesting removal. Mr. Bowman estimated that the work would cost $800. to $1000. including the hire of a bucket truck. Selectmen asked why the work could not be done without this equipment and Bowman said that it could but it takes two hours to climb a tree and do work that could be done in 10 minutes with the bucket crane. In any event, he said, there is no money left in his budget for any work. The Selectmen said that they are in sympathy but have no money.

Chairman William Hubbard said that they will inquire of other departments to see if help can be loaned to the tree warden to clear the worst of the damage. They will also inquire of the power company to clear branches that are a threat to wires.

ENERGY FROM WASTE CONFERENCE

Selectmen will attend a press conference at Hells' Blazes being called by the Commonwealth Electric Company to announce that the company has signed a 27-year contract to buy electricity from Energy Answers Corp. of New York, with the plant to be constructed in Rochester. The plant will be the largest electricity producing waste to energy project being privately developed in the United States.

FIRE CHIEF WANTS CRUISER

Fire Chief Paul Bradley asked Selectmen's opinion on replacing the fire chief's car with one of the cruisers due to be traded. Selectmen noted that the value of the chief's car and the cruiser trade-in price is $1500. They would approve if the chief can find this amount in his budget.

REVIEW BUDGET

Selectmen reviewed the budget for their office and trimmed a possible $950. out of a projected $4500. budget.

Correction

The following paragraph was printed in our December 23 issue:

"Mattapoisett Assessors laid a stack of computer read-out paper more than a foot high on the Selectmen's table to illustrate the mess of work which has developed from the attempt to transfer their records from their books to computer tape."

The word "mess" in the above was a typographical error and should have been "mass". We regret this error and apologize for an implication which was never intended.

Letters to The Editor

I am responding to recent articles appearing in this newspaper and the Sippican Sentinel regarding work processed on Old Colony's computer for the Town of Mattapoisett.

At the December 15th Selectmen's meeting I was asked to bring the Selectmen and Town departments up to date on Old Colony's new time-sharing computer system. But in fact the majority of the time was spent by Assessors Bruce Rocha and John Gibbons in an attempt to discredit Old Colony, their instructors and students.

Assessors Rocha and Gibbons placed a stack of computer listings on the Selectmen's desk and with their off-handed remarks, untrue statements and lack of understanding of computer terminology led everyone present to believe these were computer reports that were supposed to be accurate and were not.

we bill them for any. This correcting of the Taxpayers file each year is a means of producing the tax bills for the Tax Collector.

Not once has anyone in the past three years showed me a tax bill whether it be Real Estate, Personal Property or Boat excise that was incorrect.

Not once have the Assessors visited the school computer department or contacted me by phone or otherwise with complaints, suggestions or any other input which would contribute to this system.

Since I and I alone am responsible for all computer work that is done for the town, I believe the two Assessors owe the Instructors and students at Old Colony an apology for their remarks.

Finally, at this meeting the Selectmen agreed with the Assessors to hire a professional programmer to do work for them.

On the following Saturday morning the Selectmen reversed their decision and will continue to have their programming done by an Old Colony student.

cember 23 issue of the Presto Press concerning the Mattapoisett Assessors' meeting with the Selectmen. Several selected students make updates to the property description and provide worksheet listings for verification. No students make valuation changes.

Considerable time was spent when the computer kept coming up with more dollar amounts than expected on one valuation listing. Programs were checked, new listings run and the "shortage" was traced back to a $371,000 contract figure error given by the assessors' office.

Normally information is given periodically to update computer files and avoid any "log jams" of work. Mattapoisett Assessors for some reason chose not to do this.

The Standard-Times account of this meeting stated that one assessor has had a "jaundiced eye" about automation since its inception. Perhaps this obscured vision overlooks the quality students that have come from Old Colony. Many are employed in their trade or have gone on to college. Two of our graduates are currently earning $18,000-21,000 annually and still haven't reached their 21st birthday.

Perhaps less "jaundiced eyes" and more cooperation would help in this regard.

Sincerely, Norman J. Reid,
Data Processing instructor, Old Colony Regional

CENSUS REPORT

PLEASE TEAR OUT THIS PAGE AND RETURN TO TOWN CLERK

In an effort to reduce costs, we are asking for voluntary participation in the annual town census. Other communities have tried this procedure with a 70% response rate and I have confidence that the citizens of Mattapoisett are as conscientious as those of other towns. It is becoming increasingly apparent that costs reductions must be achieved in all areas of town government. With your co-operation, this voluntary census should be both cost effective and accurate. Each household that does not respond will have to be followed up individually, thereby adding to the overall expense of the census.

Mattapoisett Library

The Mattapoisett Public Library is showing the following films on Wednesdays during January and February:

1. January 20th, "Mourning Becomes Electra".
2. January 27th, "Night to Remember".
3. February 3rd, "Captains Courageous".
4. February 10th, "Moby Dick".
5. February 17th, "Beat the Devil".

These films will be shown at two different times: 3:00 p.m. and again at 7:00 p.m.

Thank you to the Mattapoisett Woman's Club for donating the outside Christmas decorations, and a special thank you to the three gentlemen who did the actual decorating: Paul Kelly, Albert Heuberger, and Milton Heuberger.

PAUL MYERS BOOK REVIEW

"When bad things happen to good people" is the title of a little book written by Harold S. Kushner, Rabbi of Temple Israel in Natick, Massachusetts. The very title of this book will create a demand for it. The book is little, yet it deals attractively and effectively with a big subject, nothing less than the question that has troubled the enlightened religious consciousness for centuries -- "If God is good, why do the righteous suffer?" There is even a chapter on "The book of Job" which is to this question what Handel's Messiah is to music. "No exceptions for nice people", "God leaves

STUDENTS LEARN ABOUT GOVERNMENT

Sue Roylance's fourth grade class has been studying our form of government this term.

EXECUTIVE BRANCH WINNERS KARLEY ROBERTS, NICOLE LAMBALOT, MELISSA LIMA AND DENNIS MILLETTE.

In order to understand the complexity of a democracy, the students prepared a mock election complete with posters, campaign speeches; primaries and the election of a President and Vice President. When the votes were counted, the winners were: President, Karley Roberts; Vice President, Nicole Lambalot; Corresponding Secretary, Melissa Lima; and Executive Secretary, Dennis Millette.

grade science class went on a field trip to the home of Jerry Dyck, teacher and amateur scientist, in North Dartmouth. Mr. Dyck showed slides of the moon's surface in his living room before the students ventured out to his observatory to view the heavenly bodies. Planets, stars and constellations were observed, but the primary source of study was the moon's surface. Through the telescope, the students were able to clearly see the level plains, uplands, rills and the many craters that compose the surface of the moon. The children were able to identify two large craters, Copernicus and Tycho. The Sea of Tranquility was also located. As you know, that is the area of the moon's surface where the Apollo 11 astronauts, Armstrong and Aldrin, landed on July 20, 1969, in order to collect rocks and set up instruments for research. After a question and answer period, over a cup of hot chocolate, this worthwhile trip was concluded. Students also had the opportunity of exploring the solar system at the Somerset High School planetarium.

Dartmouth. The Children's Museum which opened its doors in April 1953 will present its 1981 statistics, and, following a short business meeting, homemade refreshments will be served. For entertainment this year, the Museum will show the film "OSPREY" produced by Royal Society for the Protection of Birds. Filmed in Scotland in 1979, this documentary depicts the struggle for survival of two osprey who have returned to the country's highlands after a 40-year absence of their kind.

This 35-minute movie has won 10 awards since its release, including "Best Film in a Professional Category" at the International Wildlife Film Festival in 1981, a "Certificate of Excellence" at the Audubon International Wildlife Film Festival in 1981, and the "John Juir Award" of the National Educational Film Festival in 1981. Although bird lovers and photographers will find this film a feast for the eyes, it is a story for everyone who cares or is simply curious about life in the wild and the bravery of survival.

Please join us for our Annual Meeting. Donations accepted.

ORR Junior High

STUDENTS LEARN ABOUT METALLURGY

On Tuesday, December 22, seventh grade students from the East team at Old Rochester Regional Junior High School were introduced to Mr. Bernard Talty and Mr. Gopi Krishnamurti and the subject of metallurgy.

Mr. Talty and Mr. Krishnamurti, managers from Teledyne Rodney Metals in New Bedford, presented a program centering on steel. First, students viewed a movie which dealt with the historical background of today's steel industry. It should be noted that the film was a Walt Disney production and made use of animation, which intrigued the young audience.

MR. BERNARD TALTY, DAUGHTER KERRIN, AND MR. GOPI KRISHNAMURTI.

Following the film, the presenters gave the students additional information, the history of the local mill, and displayed actual products made from the steel produced at Teledyne Rodney Metals. Particularly interesting were the surgical device which is implanted to dispense medication, the

Mr. Talty is the father of Kerrin Talty, a seven east team member.

MONEY WHEEL

The attention of Old Rochester Regional Junior High School Team Seven East students was easily drawn to the money wheel recently displayed and explained to them by Mrs. Sue Porter of the Customer Service Department and Mrs. Cecilia Ward of the Community Relations Office of Fairhaven Savings Bank.

"Could we start our own bank?" "How does a bank make money?" "Is the Susan B. Anthony dollar worth saving?" "How safe is our money in a bank?" Questions like these and many more were answered by Mrs. Porter and Mrs. Ward, who willingly shared their time, knowledge, and experience in the banking profession with these inquisitive youngsters.

BAKER MEMORIAL EXHIBITION

On Friday, January 22, "Plans and Drawings by William A. Baker: A Memorial Exhibition" will open at the New Bedford Whaling Museum, 18 Johnny Cake Hill, New Bedford.

A selection of watercolors, drawings and etchings by Mr. Baker, together with his plans of historic vessels will be on view Monday-Saturday, 9-5; Sunday 1-5, through February 5.

Prior to his death on September 8, 1981, Mr. Baker was the nation's leading authority on historic ship plans and construction. Designer of Mayflower II, Curator of the Hart Nautical Museum at M.I.T., Mr. Baker was the author of important books on such subjects as Colonial Vessels, The Engine-Powered Vessel, and The Maritime History of Bath, Maine.

During the course of the exhibition, many of Mr. Baker's colleagues in the U.S. and Canada will gather at the Museum for the tenth annual meeting of the Council of American Maritime Museums. In assembling a selection of his works, the Museum pays tribute to Mr. Baker for his contributions to maritime history and to the generosity with which he shared his knowledge and expertise.

LUNCHTIME SERIES AT WHALING MUSEUM

On four successive Tuesdays in January and February, the New Bedford Whaling Museum will offer once again their popular lunch series, starting at 12:15 p.m.

You bring a sandwich, the Museum will furnish the rest of your lunch, and return you to work within an hour if your time is limited.

TRU-TEST PAINTS

PAINTING HELP SPOKEN HERE.

BY Bonnie Blaire
TRU-TEST COLOR CONSULTANT

Dear Bonnie:

Why does the paint, that I chose so carefully to match my carpet sample, look dark and heavy now that it's painted on the wall?

Signed Disappointed

Dear Disappointed:

Yours is a case of "over matching." Often the best answer is **not** an exact match. Rather try to choose a color that, when painted on the wall, **seems** to match the carpet. To find this color, hold your carpet sample directly under the light in the Tru-Test Custom Color Selector. Then view your paint sample in the wall position (at right angles to the carpet). You will see that it takes a color several shades lighter than the carpet to match it in this position.

Any color will appear lighter or darker according to how much or how little light it reflects. Your floor reflects more light than any other plane in the room. Walls reflect much less light (the ceiling least of all). So to make your wall color seem to match your floor choose a light color.

Greater New Bedford Choral

RESCHEDULES CANCELLED CONCERT

The Greater New Bedford Choral Society has rescheduled their December 6 concert, which was cancelled due to the snowstorm. The concert will be held Saturday, January 9th, at 8:00 p.m. at the First Unitarian Church in New Bedford, located at Union and 8th Streets. The Choral Society will present an all Bach program: the main work for the evening will be The Magnificat. Ticket holders for the December 6th concert may use their tickets for the January 9th concert. Tickets will also be available at the door or from chorus members.

The Choral Society invites interested area residents to join them for regular weekly rehearsals beginning Tuesday, January 12th, at 7:45 p.m. at the First Unitarian Church in New Bedford (side entrance). They will be rehearsing The Creation by Hayden, to be presented in the Spring. Everyone is welcome and no formal training is necessary. If you would like further information please call Gay Gillespie at 636-3054.

The action was taken following a call by the League of Red Cross Societies to its worldwide membership to assist the Polish Red Cross with the relief effort, now hampered by difficult conditions in the country.

In its message, the League, headquartered in Geneva, Switzerland, stated that the Polish Red Cross has responsibility for 50,000 low-income, aged and handicapped persons and for 20,000 children from families with social problems and handicaps for at least a four month period.

Because of the high cost of transport, the American Red Cross has stressed that financial assistance is the most effective way of meeting the needs of these vulnerable groups. The funds will be transferred to the League, which will purchase in Europe, food, clothing, blankets and other items for shipment to specially designated Red Cross warehouses in seven Polish cities for distribution to individuals or institutions.

The Red Cross here said it will not be able to accept supplies, except for specific bulk

Parkwood Hospital

MONTHLY HEART SAVER COURSES

As a continuing public service Parkwood Hospital will hold monthly Heart Saver courses beginning in January.

The four-hour Heart Saver Course will instruct participants in one and two-man Cardiopulmonary Resuscitation with a slide presentation, demonstration and manikin practice.

Suggestions will also be given on modification of lifestyles and how to avoid and decrease risks of heart attack.

Heart Savers will be held on the last Wednesday of every month from 6 to 10 p.m. The small fee asked by the hospital covers the cost of its materials. Classes will be limited to 20 persons and pre-registration is necessary.

The hospital's first Heart Saver Course of this series was held on November 13, 1981 in observance of Emergency Medical Services Week (November 8-14). Under the direction of Emergency Room Head Nurse, Carol Lessa, R.N., and Emergency Room Nurse, Sheila Dorgan, R.N., the course proved to be a tremendous success. The Heimlich Maneuver was demonstrated at the participants' request and all in attendance expressed interest in furthering their knowledge of CPR.

One participant, Father Felix of St. Joseph's Church in Fairhaven, praised Ms. Lessa and Ms. Dorgan.

"I think the nurses established a wonderful relationship with the people. I feel the course was very beneficial to me", he added.

Carol Borges, St. Joseph Rectory Secretary, said, "I feel very confident that I could save the world!"

Enid Jackson described the experience as "A very very good one.

"My husband was really very involved in all of it".

The first Heart Saver of the New Year will be held on January 27th with pre-registration accepted until January 20th. Further announcements will be made.

In addition, the label tells what percentage of the U.S. Recommended Daily Allowance of vitamins, minerals and other nutrients is found in a single serving. For example, a 1.3-ounce Hershey's Mr. Goodbar label states that the bar (a one-serving portion) provides 8 percent of the Recommended Daily Allowance of protein.

Some products also give carbohydrate information, although it's not required by law. This gives a breakdown of starches and sugars in grams per serving. As a service to consumers, some companies even spell out the relationship of grams to ounces so you can figure out the percentage of sugar in the product.

If the information you want is not on a food label, write to the manufacturer. Many companies are happy to provide shoppers with a nutritional profile of their product.

And the more you know about the food you buy, the easier it is to plan health, well

on February 28, 1982. It is hoped that the opportunity to win a newly-built home for only $100 per ticket will appeal as an unusual gift idea for the holidays. The home is a colonial style with three bedrooms and 1 1/2 baths situated on nearly one-half acre of land in Yarmouth at 114 Cranberry Lane.

There will be a maximum of 1000 tickets and a minimum of 700 tickets sold. Further information and tickets can be obtained by calling the Lodge at 394-2341 or 398-3111.

The South Yarmouth Lodge was organized in 1978 by a group of local residents and is the only Moose Lodge on the Cape. The local membership has expanded to ninety members, says Governor Jim Springer.

YOUTH CLASSES

Still life, nature and some portraiture are planned for young people in the Drawing I and II class at the YWCA. Group instruction, individual guidance and a chance to experiment with a variety of materials are offered; trips to local museums and galleries are also planned. The course begins on Saturday, January 9, from 9 to 10:30 a.m.

An opportunity to work with your hands, creating animals, wall hangings and simple objects is offered in Junior Pottery, beginning Saturday, January 16, from 10 a.m. to noon.

Register for either class at the YWCA, 66 Spring Street, New Bedford.

MARTIN LUTHER KING JR. LUNCHEON

Ms. Viola Pina will discuss "Dr. King's Dream" at the YWCA Wednesday Luncheon honoring Dr. Martin Luther King Jr. on Wednesday, January 13. Ms. Pina is co-director of the Women's Center.

A special southern luncheon of fried chicken, yams and "the fixins" will be offered in addition to the usual sandwich menu.

The noontime luncheon is open to the public.

ROUNDTABLE

"Counseling for the Emotional Needs of the Elderly" will be discussed by Mrs. Marjorie Waite at the YWCA Friendly Visitor January Roundtable on Wednesday, January 13. Mrs. Waite is director of the Elder Support Center of the Interchurch Council.
